Major ~~Part~~ B for June 94.

SUBJECT.

Remuneration to Talavar

of the Ingraham Municipality

Received 28/9/13 29

Issued taken up — If there Edwards, was any sum of it was paid by the Talvars, or by not the renter, it will have to be deducted from the rent payable by to the Jars, & the same credited in Govt —

If the quit rent was levied by the renter, the Municipality should pay it in addition of Govt. as 26 to the Jars.

1415/94

Petitioners are referred to the Dy Collr to whom orders have been issued

A. No. 40 of 1892-93

Appellants — 1 Ranga
2 Maruga
3 Janaka
4 Ranga
& Talavars of Tumkur

The complaint relates to the compensation which ought to be given to the Petitioners in respect of their Service Inam land, which among other lands, was taken up by the Municipality of Tumkur to extend the Town

The Talvars had allowed the Tojlars to build their Hamlet (about 100 huts) over a part of the said Service Inam land, and leased the other portion to the Tojlars for garden cultivation

the rents they were getting were 5 annas per annum for ___ each hut and Rs 26/- per annum for the la leased for cultivation.

At the Survey, the latter portion of the Inam was separated from the portion occupied by Togalers' huts and given a no 141 It is this which was taken up by the Municipality, and its extent is acres 5.12 and assessment Rs 17

Dry 1-25
Garden 3 22
Kharab - 5
5-12

The Talavars are rendering the Service for which the Inam was granted The local authorities contemplated giving another land to them in lieu of S no 141 in addition to the value of improvements &c.

For the purpose of fixing the amount of compensation S no 141 was valued as follows -

Land alone, without improvements at Rs. 1.8 per acre Rs 212.

Improvements viz 8 wells, trees and plants on the holding of Tyfaru at Rs 360 — 15 —

Total 360-15
212-
572-15

and it was suggested that if another land was given to Petitioners they pay in view to enable them to improve the land, half the value fixed as above on S. no 141 that is Rs 106/-

In the course of the preliminary proceedings held towards acquiring the land an agreement was entered into in January 1888 between the Talvars and one Shanbhog Narasim that the latter should part with S no 155, a dry land measuring 15 acres 34 guntas and assessed at Rs 13 for Rs 400, to be granted to the Talvars in lieu of their Inam land The Amildar recorded the depositions of both Narasimha and the Talavars the former stated that he had sold the land

to them for Rs 400 and that it might be given to them in lieu of their Inam The latter (Talvars) stated as follows — "We agree to take Rs 466-15- (106 + 360-15-) fined by Panchayet and give up the land. But in view to giving us other land in lieu as Inam we have induced Narasimha to sell his land no 155 This should be given us as Inam and we should be allowed to select other land Rs for Rs 4 (difference between the Survey value of their Inam Rs 17 and the assessment of Narasimha's land Rs 13) In reporting this — arrangement for the orders of the Deputy Commissioner, the Amildar stated as follows - "The Talvars urge that if instead of no 141 land no 155 assessed at Rs 13 were obtained for them, they would willingly

34

5

willingly part with no. 141 and that they have induced Narasimha to sell. no 155. Narasimha and his brother have given a deposition agreeing to sell. If this land be given, the Salvars have to be given land assessed at ~~Rs~~ 2 more (respondents) they say they will select some other land therefor. In June 1888 in reporting upon a reminder petition addressed by Petitioners, the Amildar referred to his above report, and stated that orders were awaited in the matter of getting the said land (No 155) for Petitioners.

The proceedings do not show how the proposal to acquire no 155 in view to give it to the Salvars was finally dealt with The Petitioners say that in consequence of the delay on the part of the authorities, Narasimha

sold away the land to a third party.

In March 1889, the Vice President of the Municipality Board — transmitted the amount of compensation Rs 488-15. to the President. Whereupon the latter desired the Vice President to arrange to buy for the Talvars land equal in value to that amount, as it had been under contemplation from the beginning to grant them other Inam land in lieu of compensation in cash. The Vice President asked the Amildar to select a good land of about the same quality as theirs and stated that what remains after paying for land might as a matter of Grace be given to the Talvars who sank wells and improved no 141

7

When examined about the 10th June 1890, the Talvars stated that no suitable Government waste land was available, that Government should therefore buy a land for them from private parties, and pay in addition at the rate of ~~Rs~~ 20 per acre towards the cost of improving it, that the wells in No 14, were dug and trees thereon planted by the Teglars, that they (Petitioners) did not know there had been separate valued, that the value thereof might be given to the Teglars, on that until Petitioners were provided with another land the whole amount should be in deposit Mr Ameldar reported in October 1890 that there was no ground to appropriate the value of wells and trees towards buying a land for Petitioners, that no lands

could

could be procured near the Town for what remains and that instead of a land the Petitioners might be given the annual value of their Inam in cash, Rs 16-1-3. deducting Local cess

The Deputy Commissioner desired that a land should be selected from among the Government waste and stated that in addition some compensation might be given.

The Amildar reported in 1890 that no waste land was available and solicited orders about paying the value of wells and trees to Inglars. The Deputy Commissioner ordered further enquiry about Government waste lands and said he had no objection to the value of wells &c being paid to the Inglars

Rs 360-15- was, accordingly disbursed to the Inglars There remains only Rs 212 out of the compensation amount allotted by the Municipality.

In November 1890 the Petitioners

added

asked for lands nos 11 32. 62 (part) and 30, all assessed at Rs 14, plus compensation, but as these were Military camping and parade grounds the Deputy-Commissioner ordered Government waste being selected below the Annamkere, and said that if Petitioners selected land elsewhere, the amount intended would be paid to them

9

In December 1890 the Petitioners complained to the Deputy Commissioner how their case had been dealt with, urged that their land was worth Rs 1000 and the Municipality had realized Rs 730 and prayed :—

(1) that land no 221 assessed at Rs 14 which its owner Chennabasamma was willing to sell for Rs 500 might be bought for them

(2) that Rs 500 be paid to them to improve it

(3) that the rent for three years which they had lost viz, Rs 78 be paid to them

In August 1891, the Amildar

in reporting on the above applied for sanction from Municipal Funds for ~~Rs~~ 684 Vz

~~Rs~~ 500 price of land to be bought
" 106 Improvement cost already settled
" 78 3 years rent

10/

but the Deputy Commissioner said that nothing more than what had been already settled would be paid and that waste land should be selected and compensation given for improving it

The Petitioners in their appeal petition urge.

1 That they were induced to part with their land on the promise of giving Narasimha's land, and that Government failed to fulfil their contract

2 That the municipality failed to pay the Petitioners the amount it realized by sale of ~~Rs~~ 135

3 That the land selected by

them should be bought for them
for Rs 300/ or amount realized
⅓ Rs 740/- paid to them
& that Rs 78/- should also be ordered
to be paid to them.

The Deputy Commissioner in
reporting on the petition states
that a sum of Rs 530-12-6 was
realized by sale of Petitioners' land
(excepting portions reserved for
roads and drains), ~~that~~ that out of it
Rs 360-15- have been paid to
Sylvars (leaving a balance of
Rs 169-13-6), that Petitioner
ought to consent to take up
lands lying waste below the
Tennkan Amanikere, as they
are not unculturable and that
perhaps one and a half of the area
taken from them might be given
them.

The wishes of Petitioners, as regards this latter proposal have not been ascertained and reported The papers show that they objected to waste land under the Canal being given to them on the ground that they were unsuitable and that their rates were high

The question for consideration is what are the reliefs to which Petitioners are entitled under the foregoing circumstances

It may here be noted that the Tiglars made an endeavour to absolve themselves from the liability to pay house tax to Petitioners they represented to the Municipality that they were paying taxes for their lands to Petitioners as well as to the Municipality, that they would pay the value of their rates i.e. the rates fixed for the other

over land, and that the Municipality might receive the same and acquire the sites

The Deputy Commissioner ordered thereon in August 1888 that compensation should be fixed and reported. What final orders were passed in the matter and whether or not the Petitioners are in the enjoyment of that source of income, the papers do not show but there is no appeal in that behalf.

Submitted for orders -

MM.

order

Petitioners are getting Rs 26 a year from the lands taken up by the municipality they are entitled to a lease which would give them annually Rs 26. The Municipality should either ~~Illegible~~ acquire or give the Petitioners a land of that value, or therefore

Your Promissory
note that would
yield an annual
interest of Rs 26, deposit
it with Treasury &
disburse the interest
annually to
the Talwars, or pay
Rs 26 from municipal
funds every year.
The latter will be
the most equitable
arrangement under
the circumstances of
the case. The
Resident is requested
to report if he
cannot make some
such arrangement.
You presume that
two first rate lives
[illegible] on the

if they cannot be arranged with the Talwar

Dated 28.3.93

(5)

To

The Chief Secretary to the
Government of Mysore.

Sir,

Adverting to Yours docket No: 2503/123 of the 16th August 1892 forwarding for report with proceedings, the petition of Maria and other "Talwars" of Tumkur I have the honor to state as follows: —

2. The complaint of the petitioners is that their talwar Inamaty land was taken away for building purposes, but fresh land in lieu there of was not given.

3. In 1887-88 the Inam land of the petitioners bearing Survey No: 141, measuring 5 acres 12 goontas, and assessed at 17 Rs: was taken up for the extension of the town of Tumkur. The field was divided into sites & sold for 530. 12. 6 Rs. as. P. Calculating at the rate obtained at the sale the value of the site reserved for roads &c comes to 152-8-0 Rs as P. Thus

the whole field represents Rs: 683. 4. 6

4. Houses have been built on most of the Sites Sold.

5. At the time the land was taken it had been let out by the petitioners to some Tigalaro for an annual rent of 26 Rupees for growing vegetables &c.

6 As the Tigalaro were also losers, a compensation of Rs: 360. 15. 0 was fixed for them for the loss of crop, trees, wells &c and a sum of 106 Rs for the petitioners at the rate of 20 Rs: per acre to enable them to prepare the land that might be given them in lieu of their inam land.

7. Accordingly the amount fixed for the Tigalaro has been paid. But the petitioners' claim has not as yet been settled. They will not take up the lands which are lying follow under the Tunkus tank. They say that they are not worth having. They want lands in holding to be bought by Government and given them in lieu of their inam taken up. This will cost about 500 Rs; but the amount of compensation settled for them is only 106 Rs After I joined the District the petitioners brought the matter to my notice. I said that if they chose any

land not in holding it would be given them, but they said that there was no waste land worth having. — 26

8. The amount of 530.12 6 realized by the sale of the petitioners' land has been credited to the Tumkur Municipality and Rs: 360.15. paid out of it to the Tigalaro.

9. The petitioners further claim 78 Rs: being the amount of rent for 3 years at 26 Rs: per annum which the Tigalaro were paying them —

10 I think that the petitioners should consent to take up the lands lying waste under the Tumkur tank, as they are not uncultivable. — Perhaps one & a half of the area taken from them may be given them. The record of the case is enclosed.

11 The enclosures of the docket under reply are herewith returned.

I have the honor to be
Sir
Your most obedient servant
[illegible]
Deputy Commissioner.

Order thereon dt/ no.

14-5-94.

Petitioners were getting Rs. 26 a year from the lands taken up by the Municipality, and they are entitled to a land which would give them annual Rs 26/= The Municipality should either acquire and give the Petitioners a land of that value, or purchase Government Promissory notes that would yield an annual interest of Rs. 26/=, deposit ~~it~~ them in the Treasury and disburse the interest annually

Papers to DLR

to the Talvars, or if this cannot be arranged pay the Talvars Rs. 26/= from Municipal funds Every year - the latter will be the most Equitable arrangement under the circumstances of the case. The President is requested to report if he cannot make some such arrangement. Government presume that no quit-rent was leviable on the land taken up. If there was any quit-rent and if it was paid by the Talvars, and not by the renters it will have to be deducted from the Sum payable to the Talvars, and the same credited to Government. If the quit rent was paid by the renters the Municipality should pay it to Government in addition to Rs 26/= to the Talvars.

(General Serial No. 30)

1894. L 4017

From The President of the Municipalities of the Tumkur Dist.

To The Chief Secretary to the Govt. of Mysore.

Dated 31st May 1894

Despatched 1st June 1894

Received

Enclosures No.

General No. 974

No.

Government order No. 20077 of the 23rd May 1894 257-93 — " — states that the amount of Compensation payable to the Talvars Inamdars & others of Tumkur for the last 6 years from 1888-89 is Rupees 156/-. This will be paid out of Rupees 530-12-6 realized from the sale of the land by bits for building purposes.

Received 9/6/94

Office of the President of the
Municipalities in the
Tumkur District
Dated 31st May 1894

To,

The Chief Secretary to the
Government of Mysore

Sir

With reference to Government
Order No $\frac{20077}{251\text{-}93}$ of the 23rd May 1894, I beg
to state that as the Mohatarfa house-tax
on the buildings constructed on the land
of the Talvars in question amounts in
annually to Rs 2,7-8-0, the Municipality,
which receives the Mohatarfa, can,
as proposed by Government, pay the sum
of Rs 26/- annually to the Talvars as
compensation for their land taken up.
The Talvars were paying Rs 2-0-6 in
annually to Government on account
of local and irrigation cesses. This
will be deducted from the amount
payable to them and credited to the
Treasury in the cess accounts. This
arrangement will be given effect to

from 1888-89 as it was in that year the Talvars were actually dispossessed of their land. The amount payable to the Talvars for the past 6 years from 1888-89 is Rs 156/-. This sum will be paid out of Rs. 530-12- from the sale of the land by bits for building purposes. -

I have the honor to
Sir
Your most obedient

[signature]

President
of the Municipalities.
